

Election Commission

Parliamentary General Election - 2020

Prescribing the Dates to Mark Postal Votes and to the Election Process

It is hereby announced that the news spread through traditional and new media that the Election Commission has decided the dates to mark postal votes in relation to the Parliamentary Election 2020 and that an official announcement has been made on those dates, is completely untrue.

There is no Election Commission paper submitted to the Election Commission relating to the prescribing of dates to carry out this election related work, and the officials in charge of the subject and the Commissioner General of Elections have informed me that no such thing has been prepared.

Therefore, the Election Commission kindly requests all media institutions and journalists not to make any announcement on such dates until they are confirmed by a media release of mine or a duly authorized official.

Mahinda Deshapriya,
Chairman, Election Commission
On behalf of the Election Commission

Election Commission,
Sarana Mawatha,
Rajagiriya.
