Chapter 02 - Progress and Outlook

It was a challenge to carry out the statutory functions assigned to the Election Commission as well as the general administration during the Covid 19 epidemic.

2.1 Meetings of the Election Commission

Generally, meetings of the Election Commission are held once a week, taking into account the need for services. Accordingly, 36 meetings of the Commission were held during the year 2021. Despite the reduction in the number of meetings held under the current Covid 19 epidemic, it is gratifying to be able to carry out the statutory as well as the normal duties that need to be performed. At these meetings, policy decision making on the basis of commission papers submitted by the Commission's Administration Division, National Elections Division, Local Authorities Elections Division, Legal Investigation and Planning Division, Finance Division and various sub-divisions under them, the necessary guidance, instructions and regulations were issued to carry out the statutory and normal activities.

2.2 Revision of Electoral Registers

2.2.1 Revision of Electoral Registers - 2020

Due to the island-wide Covid-19 epidemic, field work of voter enumeration in some districts, including the Western Province, was not completed until the beginning of December 2020. Taking this into consideration, the Election Commission has decided to certify the list on March 31, 2021, which is to be certified on March 1, 2021 and further action has been taken in this regard.

The data of the citizens who are eligible to register as voters for the first time in the year 2020 due to interruptions in field counting on the Covid - 19 epidemic situation, that is, of citizens born from 01.06.2001 to 31.05.2002 was obtained from the Department for Registration of Persons and those data were allocated to the Grama Niladhari Divisions. All District Assistant Registration Officers were instructed to refer to the enumeration officers, if there are any unregistered citizens in the field enumeration and obtain recommendations for their inclusion in the Electoral Register. In addition, the Election Commission has instructed to register all eligible citizens without giving up based on information obtained from various sources about persons over 18 years of age on or after June 1, 2019.

Exhibition of names to be deleted ("A" lists) from and to be entered ("B" lists) to the Electoral Register in all the electoral districts except Colombo, Gampaha, Kalutara and Jaffna (Note 01) was commenced on 23rd December 2020 and ended on 19th January 2021. The "A" and "B" List

Exhibition in Colombo, Gampaha and Kalutara electoral districts and in the Jaffna electoral district started on January 05, 2021 and ended on February 1, 2021 due to the obstacles in the distribution and retrieval of enumeration forms (BC forms) by the enumerators due to the occasional escalation of the Covid-19 epidemic in Colombo, Gampaha and Kalutara electoral districts and the problem-solving program in some areas of the Northern Province where the revision was not carried out properly due to various reasons. Extraordinary Gazettes no. 2207/5 dated 23.12.2020, 2209/02 dated 04.01.2021 and 2209/03 dated 04.01.2021 were published in this regard. In addition, it was published in Divaina, The Island and Thinakkural newspapers on 23.12.2020 and in Dinamina, Daily News and Thinakaran newspapers on 05.01.2021.

A telephone assistance center has been established at the Head Office from 05.01.2021 as an alternative measure to prevent a qualified person from avoiding registration in the Electoral Register. It was hoped that the complaints / inquiries made by the public would be answered and referred them to the District Elections Offices as appropriate to the occasion and provide solutions. Advertisements in this regard were published in the Dinamina, Daily News and Thinakaran newspapers on 07.01.2021. Action was also taken to send an SMS under the headline "Elections" to all mobile phone subscribers on 07.01.2021.

Information on Claims and Objections under Section 14 of the Registration of Electors Act, No. 44 of 1980 is given in Note 02.

Although one elector has several qualifying addresses, he can only register at one address. Accordingly, as multiple registrations were revealed, the number of unregistered numbers in each electoral district is given in Note 03.

The door-to-door enumeration of electors in 26 Grama Niladhari Divisions in the Jaffna, Kilinochchi and Mannar Districts in the Northern Province, where partial resettlement has been taken place and resettlement activities have not been taken place, has not been carried since 1988. The Commission decided to register only those who were confirmed to be alive in the revision in the year 2020 and not to register the rest as a large number of persons mentioned in the Electoral Rolls in these areas were reported to be non-living.

Voter registration in areas where partial resettlement has been done / has not been done is given in Note 04 for comparison of 2019 and 2020.

After conducting formal field investigations on the displaced voters in the Mannar District, action was taken to register the persons who have confirmed their residency in the Mannar District, in the Mannar District and to register many who applied for registration in the Mannar District but could not confirm their residency in the Mannar District, at their actual address in the

Puttalam District. In addition to the Assistant Registering Officers in these two districts, officers from the Head Office and the District Election Offices were deployed for this purpose.

After preparing and certifying the Electoral Register for the year 2020, the number of Members of Parliament to be elected for each electoral district based on the number of registered electors (Note 05) for each electoral district in the 2020 Electoral Register (Note 06) was published in the Extraordinary Gazette No. 2232/35 dated 18.06.2021 to act in accordance with the provisions of Article 98 (8) of the Constitution of the Democratic Socialist Republic of Sri Lanka. In the year 2021, the number of seats in the Jaffna electoral district decreased by one compared to 2020 and the number of seats in the Gampaha electoral district increased by one. There was no change in the number of seats in the other electoral districts.

According to the registers certified on 30.04.2021, the total number of registered votes in the island was 16,436,056 and the number of supplementary electors prepared according to the Registration of Electors Act, No. 10 of 2017 was 03. Supplementary Electoral Register information is given as Note 07. Accordingly, the number of registered electors for the year 2020 is 16,436,059.

2.2.2 Revision of Electoral Registers - 2021

Election Commission planned not to carry out door to door enumeration relating to the revision of the Electoral Registers for the year 2021 and to make lists "A" and "B" by obtaining details of those leaving and those entering and to update the data through several draft instances as well as to obtain the information related to the data update from various government agencies to carry out revision work and certify the list on 30th November 2021 due to the severe difficulties encountered in the revision of the Electoral Registers 2020 and the occasional outbreak of the Covid 19 epidemic. Also, various tactics had to be introduced from time to time to prepare a list of names that no eligible voter would miss.

The Electoral Register for 2021 may show a number of differences from the revisions made in previous years.

- ❖ Previously, except on a few special occasions, door-to-door enumeration was done throughout the island. But in the year 2021, not every household was not given enumeration forms and re-collection was not done.
- ❖ First and second read of the Registration of Electors (Amendment) Bill was done in Parliament by June 1, 2021, when the enumeration of voters begins. The amended Act sought to amend the date of eligibility for determination of age and residency to register as an elector to 01st February instead of 1st June and every 04 months, i.e. from 1st February to 31st May; June 01 to September 30 and from 1st October to 31st January; granting the right to vote by supplementary electoral registers to those who have attained the age of 18 years during the period of 04 months.

- ❖ Accordingly, although there was a period of one year to complete this work earlier, according to the new law amendments the revision work had to be completed within a maximum period of 08 months.
- ❖ Revision of the 2021 Electoral Register had to be planned and implemented to minimize possible impediments to the implementation of the amended Act.

In this revision, it was decided not to print the receipt for receipt of elector enumeration forms from houses and the registration details of the operative electoral register to be given to every household. The 2021 / ER format was introduced for enumeration of electors. (Annexure 02)

The rapid spread of the third wave of the Covid 19 epidemic in the island by May 2021 posed a serious threat to the Grama Niladharis who were engaged in field duties. Therefore, the Secretary to the Ministry of Health, the Secretary to the Ministry of Home Affairs, the National Action Center for the Prevention of the spread of Covid 19 and the Presidential Task Force were requested to provide Covid vaccine to the Grama Niladharis who are the counting officers.

All Recognized Political Party Secretaries were informed on 07.05.2021 to take action to appoint and send representatives of recognized political parties in connection with the revision of the Electoral Registers. Due to the Covid 19 epidemic, party representatives were not given the opportunity to present at the event of distributing and collecting enumeration forms to homes this time. However, the Counting Officer were instructed to allow the party representatives to inspect the ER forms after Enumerator has finalized the collection of ER forms and applied the recommendations. If a representative lodged a complaint, it was immediately investigated and all District Deputy / Assistant Commissioners were informed of any action that could be taken to rectify any errors or omissions in the enumeration of electors.

The Online Registration System was introduced in July 2021 as an alternative method of registering voters and correcting errors in the register and it was instructed that the online requests should be forwarded to the Grama Niladhari and he should personally inspect the house and give recommendations.

The Election Commission has taken the following additional steps to register electors so that none of the eligible electors are left out. Accordingly, the lists of persons whose names were included in the Electoral Register for the years 2018, 2019 and 2020 but whose deaths were not reported and not recommended for the year 2021 were forwarded to the Grama Niladharis and they were directed to take action to enumerate the ordinary residence of those persons.

Names to be deleted (A) and entered (B) in respect of all the electoral districts in the operative electoral register are entered as Note 08.

A SMS stating “Ask the Grama Niladhari if your name is in the 2021 Electoral Register or visit www.elections.gov.lk. If not, call 0112860031 before November 17th” was sent to every Mobitel,

Dialog, Airtel, Hutch mobile phone subscriber on 25.10.2021. This was communicated in Tamil, English, Singlish and Tanglish as per the choice of the mobile phone subscribers.

By the end of 2021, much of the work required to certify the electoral register had been completed.

2.2.3 Supplementary Electoral Register – 2021

In terms of Section 10 of the Registration of Electors (Amendment) Act No. 22 of 2021 preparation of supplementary lists comprising of persons who have attained the age of 18 years from 01.06.2021 to 31.01.2022 should be prepared and the supplementary register relevant to that period should be certified. The YC form (Annexure03) was used to collect relevant information.

Although the amended Act is due to come into effect on February 1, 2022, the Election Commission has decided to collect the basic data required to compile the supplementary lists.

Accordingly, the following activities were carried out.

- ❖ Obtaining the details of persons who have attained the age of 18 years from the Department for Registration of Persons and forwarding them to the District Election Offices.
- ❖ The above information was sent to the Grama Niladhari and was verified from 20.12.2021.

Commissioner General of Elections,
Election Commission.

Compilation Report of the Auditor General on Financial Statements of the Election Commission for the Year Ended 31 December 2021 as per Section 11(1) of the National Audit Act, No. 19 of 2018.

1. Financial Statements

1.1 Qualified Opinion

The audit of the financial statements of the Election Commission for the year ended 31 December 2021 comprising the statement of financial position as at 31 December 2021 and the statement of financial performance and cash flow statement for the year then ended was carried out under my direction in pursuance of provisions in Article 154(1) of the Constitution of the Democratic Socialist Republic of Sri Lanka read in conjunction with provisions of the National Audit Act, No. 19 of 2018. In terms of Sub-section 11(1) of the National Audit Act, No.19 of 2018, this report including my comments and observations on the financial statements issued to the Election Commission. Auditor General's report which should be read in conjunction with Article 154(6) of the Constitution of the Democratic Socialist Republic of Sri Lanka will be submitted to Parliament in near future in terms of Section 10 of the National Audit Act, No.19 of 2018.

In my opinion, except for the effects of the matters described in paragraph 1.6 of this report, the accompanying financial statements give a true and fair view of the financial position of the Election Commission as at 31 December 2021 and of its financial performance and its cash flows for the year then ended in accordance with Generally Accepted Accounting Principles.

1.2 Basis for Qualified Opinion

My opinion is qualified based on the matters described in paragraph 1.6 of this report. I conducted my audit in accordance with Sri Lanka Auditing Standards (SLAuSs). My responsibilities under financial statements are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

1.3 Responsibilities of Chief Accounting Officer for the Financial Statements

Chief Accounting Officer is responsible for the preparation of financial statements that give a true and fair view in accordance with generally accepted accounting principles, and provisions in Section 38 of the National Audit Act, No.19 of 2018 and for such internal control is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

As per Sub-section 16(1) of the National Audit Act No. 19 of 2018, the Commission is required to maintain proper books and records of all its income, expenditure, assets and liabilities, to enable annual and periodic financial statements to be prepared.

As per Sub-section 38 (1) (c) of the National Audit Act, the Chief Accounting Officer shall ensure that effective internal control system for the financial control of the Commission exists and carry out periodic reviews to monitor the effectiveness of such systems and accordingly make any alterations as required for such systems to be effectively carried out.

1.4 Auditor's Responsibilities for the Audit of the Financial Statements

My objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor General's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Sri Lanka Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Sri Lanka Auditing Standards, I exercise professional judgment and maintain professional skepticism throughout the audit. I also,

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Evaluate the structure and content of the financial statements containing the disclosures and the transactions and events that underlie the financial statements in an appropriate and reasonable manner.

I will keep the Chief Accounting Officer informed of any important audit findings I have identified during my audit, including key internal control weaknesses and other issues.

For the first time, a Departmental Risk Document was prepared which recorded the risk scale assessment of activities related to the areas of departmental liability as a basic document. As there was no opportunity in time to obtain the knowledge and participation of the Heads of Departments representing the relevant

areas of responsibility in relation to the activities identified in each field of responsibility, this Risk Document is prepared based on the practice and experience of the Chief Internal Auditor and his staff over the past two years.

4. Circulation restrictions due to the spread of the Covid 19 epidemic in the year 2021 hampered the compliance with the 2021 Audit Plan. Accordingly, the revised audit plan was prepared dated 10.10.2021 and it was submitted to the audit and management meeting on 15.11.2021 for approval. According to the relevant revised audit plan, the Internal Audit Division has achieved 90% progress as at 31.12.2021.
